Please log into the journal web site to submit a new manuscript or to check the status of an already submitted manuscript.

Author

http://ptam.klaus-kubinger.com/
After you have logged into your account you summary of your previous submissions and the status of your current submission.
☞ To start a new submission click the link below, that will start the submission-process.
☞ **Step-1:** Here you have to tick the submission checklist to proceed with your submission. Please do not forget to read the “Authors Guidelines” and ensure that you prepared your manuscript for the double-blinded review (further information are provided under the link “Ensuring a Blind Review”).

☞ **Step-2:** Here you could leave some comments for the Editor.
Please upload your manuscript in Step-2.
After you have uploaded your manuscript (in #5) you can check your upload.
In Step-3 of the submission-process you have to leave 1. your metadata. To add co-authors, please click on the button “Add Author” (2).
Please leave additional 1. the Title and Abstract of your manuscript (this will be provided for the reviewer) and 2. the keywords (separated by ";").
In Step-4 you can upload supplementary-files (optionally) like tables, images etc.
Finally in Step-5 you have to confirm the submission.
Here you can check the status of your submission.
To view the review, you can click on the status of the manuscript.
If it is necessary to resubmit the manuscript, you can first download the provided review (2) and resubmit the revised version in Step-3.
To submit the final version of your manuscript, like described in #13 you can check the status in 2. To submit a “Letter to the Editor”, please proceed with #15!.
Here you can upload the “Letter to the Editor” under the “section: ADD A SUPPLEMENTARY FILE”.
After you have clicked on the link “ADD A SUPPLEMENTARY FILE” in #15 you get to this page. Here you can upload the “Letter to the Editor” (1) please use the subject “Letter to the Editor” (2).
